NANUK - The Meaning

The Inuit people of the great north call him NANUK.

[na•nook]
INUIT FOR "POLAR BEAR"

Thriving in an unforgiving landscape, the polar bear has evolved to survive the challenges of the freezing temperatures, frigid waters and ice-covered terrain of the arctic. As one of earth's most resilient predators, the great white bear is the inspiration behind our name: strong and fearless, designed to survive in the harshest conditions.

Proudly Made in Quebec Canada

- **Founded in 1984**
- The Company creates **added value** for its customers through uncompromising **quality**, **distinctive design** and **world-class customer service**
- Owns numerous design **IP's** and **Trademark**

NANUK designs and build their virtually indestructible cases for unforgiving environments. Where better to do that than in Canada?

In fact, only Switzerland and Japan rank higher in terms of reputation for making high quality products globally!

NANUK believes that there's no better setting than the cold, harsh conditions of Canada to make cases that protect valuable equipment against all that Mother Nature and life's adventures throw at them.

NANUK – Sentinel Safety Solutions Australian Partnership
